

## CIRCUIT COURT JURORS DRAWN FOR NEXT YEAR

Twenty-three Grand and 78 Trial Jurors Will Serve During 1916 Term

Twenty-three grand jurors, and 78 trial jurors for each of the three divisions of the local circuit court, making a total of 78 petit jurors, were selected today to serve during the 1916 term.

In conformity with an order made a few weeks ago the drawing took place in Circuit Judge Ashford's court at 9 o'clock this morning. Circuit Judges Whitney and Stuart were on the bench with the first judge. The clerk of the first court did the drawing.

## RAIN CANNOT DAMPEN ARDOR OF MAYOR LANE

Despite lowering clouds and Kona storms Mayor Lane is going ahead enthusiastically with his plans for the grand open air ball which is to be held on New Year's Eve in the street between the Alexander Young hotel and Bishop park.

"It is not likely that the rain will continue until the first of the year," said the mayor in fine humor this morning, "and if it does there will be plenty of time to worry about it then."

Arrangements have been completed for the Hawaiian tableau which is to begin shortly before midnight and last for a little while after 12 o'clock, thus uniting the old and the new year. The entire tableau, which will take perhaps 20 minutes, is being planned by Mrs. Rosalie Blaisdell and Mrs. Manuel Reis.

"No special places will be reserved for the tableau," says the mayor. "People will have to take their chances at getting to vantage points from which to see it."

Peter Kainan's Hawaiian band will furnish music for the dancers throughout the evening, the leader having chosen an especially good program for the event. No special invitations have been prepared by the mayor as he desires to make the dance just as democratic and informal as possible.

## DANCE AT MOANA HOTEL TONIGHT

Tourists, officers of the army and navy and their ladies, and local society folk are invited to attend a dance at the Moana hotel this evening. Miss Edythe James will sing during the dinner hour and a Hawaiian quintet will render music.

Dancing begins at 9 o'clock.—Adv.

## MORNING ON 'CHANGE

Olaa at \$9.25 and Honolulu Brewing & Malting at \$19.25 led this morning's session of the exchange in point of volume of trading, 200 shares of the latter and 230 shares of the former having changed hands. The price of Olaa marks a decline of 1-4, but Hawaiian Commercial is up 25 cents a share. Waialua is down half a point, and the only other change is in San Carlos, which has been traded in to the extent of 270 shares at \$9, and closed with that figure bid, and no offerings in sight at any price. The last sale was at \$8, the advance being accounted for by the 50 per cent stock dividend advocated by the secretary, A. D. Cooper, who reports net earnings for 1915 of more than \$57,000, which would amply provide an 8 or 3 per cent dividend if the increase of capital stock to \$500,000 is voted.

## COMPLAIN THAT KRAMER STRUCK SOLDIER IN FACE

Blow of Whip Cut Skin of Innocent Bystander During Small Riot Saturday Night

Half a dozen "bob-tailed" ex-soldiers, who, the police say, are "bad actors," a dozen or more soldiers and some civilians were mixed in a small riot at the corner of Nuuanu and Hotel streets Saturday night, during which Mounted Patrolman John B. Kramer rode into the crowd and with the assistance of members of the provost guard dispersed the mob. Kramer used his whip, striking at some of the men when they attacked him, and accidentally cut a soldier who was not engaged in the fight. Previous to the riot some of the men almost broke up a Salvation Army meeting.

Edward M. Amundsen, Company A, 2nd Infantry, who was cut on the face by the officer's whip, today complained to Sheriff Rose and an investigation is now in progress.

According to Kramer and members of the provost guard the fight was started by the "bob-tailed" men, and some soldiers jumped in. About 20 men were mixed in the melee at one time and Kramer endeavored to stop the fight by forcing his horse into the crowd. He did not use the whip or club, he says, until one of the soldiers drew back and struck his horse on the nose with his hat, at the same time trying to grab the middle with the other hand. Kramer hit at the man with his whip, he says, and struck Amundsen.

Many Offer Testimony. Half a dozen of the men signed their name to Amundsen's complaint and will appear as witnesses against Kramer. Among the men in the crowd at the time, it is said were the five who later attacked Henry Carter.

Oscar Nelson, in jail on suspicion of being implicated in the attack on Carter, was in the near-riot and was knocked down by a member of the provost guard.

The big crowd and the rapidity with which they got away after Kramer and the provost guard ended the melee prevented any arrests being made at the time, although several soldiers thought to have been mixed in the scrap were later taken in by the provost guard.

Sheriff Rose will have a number of witnesses to hear before he reaches any decision in regard to the complaint against Kramer.

In the midst of the Christmas spirit there was also some fighting spirit Saturday night and Sunday, many small affrays being reported by the police.

Pvt. Chester Adock, Company B, 2d Infantry, received a scalp wound on the head from Policeman Robert Akoe's club, after Adock, according to the officer, attacked Joseph Holbron, a civilian, on the Iwilei road, and when the officer interfered struck him in the face. Akoe took Adock to the station where his wound was dressed. Military authorities will deal with the case.

Mary Garcia Beaten Up.

Glen J. Murray, 155th Company, Coast Artillery Corps, charged with beating Mary Garcia at her home in Iwilei Sunday afternoon, knocking her down and bruising her. He will be tried by the military authorities.

Ah Kui, an adopted son of Frank Kanoe, 1030 Kama lane, ordered ice cream in the store of M. King on King street, and when the latter did not bring it quickly enough told him to hurry or he would wring his neck. King did not answer, but George A. Andrews, who was standing near, looked toward Kuei and the latter came out of the store and hit him in the face as he was boarding a car. Andrews says Kuei got away yesterday, but will probably be arrested today.

William Hood, 68th Company, Coast Artillery, and John Rihiki, a civilian, engaged in a fight Saturday afternoon in front of the Makino Drug store on Hotel street and fell through the window. Both men were cut by glass and each others' fists. It being Christmas they were not charged with fighting but were held in jail overnight.

Fifty-two men have already enrolled for the men's Bible class to be conducted by Mr. A. A. Ebersole at the Young Men's Christian Association on Tuesday evening at 6:45 o'clock. The first lesson will be given tomorrow. It will be a discussion of the times into which Jesus Christ came at his advent into the world.

This is preparatory to a course on "What Jesus Says About It," which will consist of 20 lessons. The first 10 will be on topics of what Jesus says about God, about prayer and about the future life.

Following this, Mr. Ebersole will lead 10 discussions on what Jesus says about man's duties to his fellow men. These will be the social teachings of Christ.

## ARCHITECT HERE TO ARRANGE FOR MORMON TEMPLE

Hiram Pope of Salt Lake City Thinks Will Complete Structure at Laie in a Year

That the proposed Mormon temple for Laie, this island, will be completed within a year is the belief of Hiram Pope, an architect of Salt Lake City, Utah, who arrived in Honolulu recently to look over the ground and plan the new structure.

Mr. Pope came to Honolulu with President S. E. Woolley of the local Mormon church, and already has paid a visit to Laie. In an interview today he said that the temple will be a comparatively small one—just large enough to fit the needs of the Latter Day Saints on Oahu. Work on the new structure will begin just as soon as the necessary machinery and building material can be gotten to the site. Mr. Pope will remain in the islands about five months.

Upon the completion of the temple some prominent church official from Salt Lake City probably will come here to dedicate the new structure, it was stated today. The building will have the distinction of being the second of mainland United States. The first outside temple now is being constructed in Canada.

## HAWAIIAN PRINCESS ILL AT WASHINGTON HAS PASSED CRISIS

Princess David Kawananakoa, who has been seriously ill at Washington, D. C., with typhoid fever, has apparently passed the crisis of the disease, according to a cable received this morning by Mrs. F. W. Macfarlane of Honolulu.

The temperature of the princess has gone down, said the message, and her condition is now such that none of her relatives need undertake a journey to the nation's capital on her behalf, for she will probably be up and about within four weeks.

## NATURALIZATION CASES CONTINUED ONE MONTH

The following citizenship cases have been continued in federal court until Saturday, January 27, the next naturalization day: Takao Ozawa, decision; Harold J. Ancill, hearing; Edward Desnouee, further hearing; Edward Iskow, further hearing; Thomas Joseph Ward, further hearing; Alexander L. Kock, hearing; Marcos Solis, decision.

summoned to appear in the police court tomorrow.

Baker was located this morning after the warrants were issued, but Mrs. Wise was not found in time to come to court today. Wise swore out the complaint for the arrest of Baker and his wife.

## HENRY ST. GOAR SEES NO SIGNS OF PRICE SLUMP

Henry St. Goar, discussing recently the advances and declines in the price of raw sugar and its average high level, told a representative of the San Francisco Chronicle that the market must be guided by the shortage in the European crop, estimated, on the basis of latest statistics, as 2,000,000 tons below the 1914-15 crop. Continuing, he said:

"This clearly explains the reason for the high prices ruling in the raw sugar market at the present time, and also indicates that the crops of the Hawaiian islands, as well as the beet sugar crop of the United States, will undoubtedly obtain the same average price as they have during the season just finished. Furthermore, should peace be declared within the next six months, the raw sugar market would not suffer to any great extent a depreciation in prices."

Reports were current in the financial district that someone was seeking control of the Hutchinson Sugar Plantation Company, perhaps based on the fact that 1015 shares were traded in recently. One rumor was to the effect that the American Sugar Refining Company wanted the property.

Whatever may have stimulated the buying, control of the stock rests—and has rested for many years—with Edward Pollitz & Co., and Henry St. Goar is authority for the statement that he has not sold a share and will not at anything like present market levels.

Activity in the stock was also accounted for by the report that the Keith estate had 10,000 shares, but St. Goar asserts positively that the estate has not a share.

## CHAMBER HOPES TO GET FEDERAL AID ON SCHOOLS

"We have strong hopes of getting action to secure aid for Hawaii under the terms of the Hoke Smith vocational training bill," said Secretary R. C. Brown of the Chamber of Commerce this morning.

"This bill was introduced in the last session of Congress but got little attention. This time it should make more progress. It provides federal funds for vocational training in the States, beginning with an allotment of \$500,000 and increasing gradually until by 1924 the fund will reach \$3,000,000. The fund is apportioned on the basis of the proportion of rural population in each state to the total rural population in the United States. As the bill stands, the territories and possessions will not secure any of the funds, but the chamber will work to secure an amendment so that the territories may participate in the benefits of the vocational training to be developed."
